

More than a century
of innovation and
commitment to the
mining industry

Progress beyond

Essential and Stronger

Our SolvaLite™ composites are up to 40% lighter than metal, allowing manufacturers to create lighter and more energy-efficient vehicles that contribute to reducing CO₂ emissions

Progress beyond

Global Leader in High-Performance Polymers for Water Management

We offer the broadest portfolio of high-performance sulfone polymers and fluoropolymers for membranes, with technologies ranging from reverse osmosis to microfiltration for symmetric and asymmetric membranes

Solvay is the partner of choice
for Urban Air Mobility customers,
offering the broadest portfolio
of qualified aerospace materials,
specialty polymers, structural
adhesives and functional films

Progress beyond

Let's feed the world with healthier, safer and tastier products

We develop innovative
Vanilla flavours and formulations
enabling food professionals to
reduce sugar contents without
compromising on taste

Solvay is the partner of choice for Urban Air Mobility customers, offering the broadest portfolio of qualified aerospace materials, specialty polymers, structural adhesives and functional films

- Established Aerospace composite materials supplier
- High rate, cost efficient Automotive manufacturing expertise
- Leading innovator in processing technologies
- Unrivalled portfolio of Composite solutions and engineering support
